APPLIED
MEASUREMENT
SOLUTIONS

**Butler Bros. has partnered with
New Englands Premier Full
Service Metrology Manufacturers
Representative and Turn Key
Measurement Solutions Provider**

We make it visible.

Applied Measurement Solutions is a New England company formed to address the specific needs of manufacturers in New England today.

We focus on providing not just a product solution, but a complete measurement solution using the products and services from the finest metrology manufacturers. At AMS we have the complete measurement applications experience to provide a total solution for your online and offline measurement challenges.

Please provide us with your parts, prints, and specifications and we will solve your measurement problems with thoughtful applications analysis, metrology engineering services, standard, and fully customized solutions. AMS = Measurably Better.

Starrett®

Quality Precision Innovation ... Since 1880

**Call or Email today to schedule a
risk free applications analysis or
onsite measurement evaluation.**
